Planches

En train de plancher sur des nouveaux décors ?

Regorgeant de possibilités, ces planches de dimensions multiples offertes dans différents finis et différentes essences de bois sont des composantes clés pour l'élaboration de projets de moulures. Combinez-les à vos moulures préférées pour créer des panneaux muraux, recréez un plafond à coffrets, des tablettes victorienne et ultramodernes ou juxtaposez-les une par-dessus l'autre comme recouvrement mural pour un effet spectaculaire.
